

## Rail Clip "L-Bar" Monitoring Prism Assembly

### SKU: SV-PR-RC

The Rail Clip "L-Bar" Prism Assembly provides high performance and its durable design is easy to install. The Rail Clip is constructed of aluminum and includes Hex-screws to make rail mounting easy. The "L-Bar" assembly is constructed of anodized aircraft-grade aluminum and is hermetically sealed to provide maximum performance in adverse weather conditions. The versatile design provides low cost per monitored point.

### FEATURES

#### PRISM
