

Midi Powermate

SP-MIDI-PM

The Specto Technology Midi Powermate (50 Ah, 12V) is a robust, portable battery solution designed for outdoor use. Featuring IP67 rated quick-connect terminals and advanced LiFePO4 technology, it delivers extended battery life in a lightweight, rugged design. With thousands of discharge cycles and a recharge time of 10 hours, the Midi Powermate is a reliable option for heavy duty operation in any environment.

FEATURES

- Waterproof protective enclosure (with handle)
- 50 Ah, 12V LiFePO4 battery
- IP67 rated cables and connections (Cnlinko)
- AC power charger

BENEFITS

- Lightweight and portable for outdoor use
- Easy set-up with quick connection cables
- 24 hours of battery life (perimeter air quality monitors)
- 100% depth of discharge for extended life
- Charge with AC power (avg. 10 hours from 0%-100%)
- Battery backup for AC powered systems
- Use with an external timer for extended operation

TECHNICAL SPECIFICATIONS

Enclosure Size:	12.26" x 10" x 6.5"	Output Voltage:	14.6VDC
System Weight:	17.4lb	Charger Current:	5A
Enclosure Material:	Polypropylene	Charger type:	Noco Genius
Battery Capacity:	50Ah 12V LiFePO4	IP67 Cnlinko connection	
Input Voltage:	110VAC/120VAC
